

Subject: Application for Software Engineer Intern – Anduin

Dear Hiring Team at Anduin,

I am excited to apply for the **Software Engineer Intern** position at Anduin. With a solid foundation in algorithms and programming, along with experience in **C# backend development, Flutter for Android, and ReactJS**, I am confident in my ability to contribute to your team.

One of my key projects involved developing a **pharmacy inventory management system**, where I optimized workflows and collaborated effectively with a team. This experience, combined with my technical adaptability, has prepared me to tackle diverse challenges in software engineering.

I admire Anduin's innovative approach to enhancing financial workflows and would love the opportunity to grow and contribute as part of your team. Thank you for considering my application.

Sincerely,
Nguyen Manh Hung
